GOING TO THE DENTIST

A Social Story by GentleCare Therapy

GENTLECARE THERAPY
pediatric development

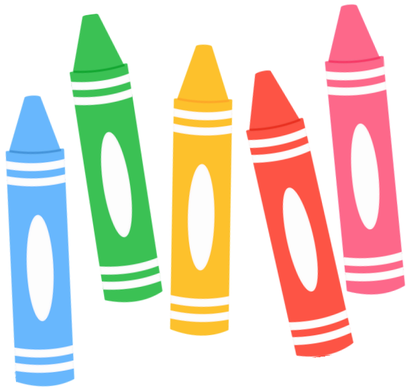

I am going to go to the dentist’s office today.

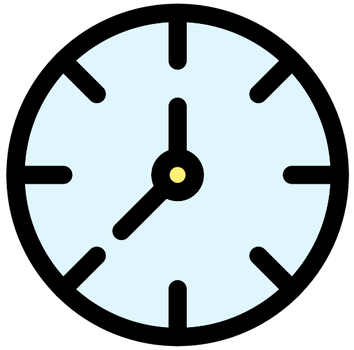

GENTLECARE THERAPY
pediatric development

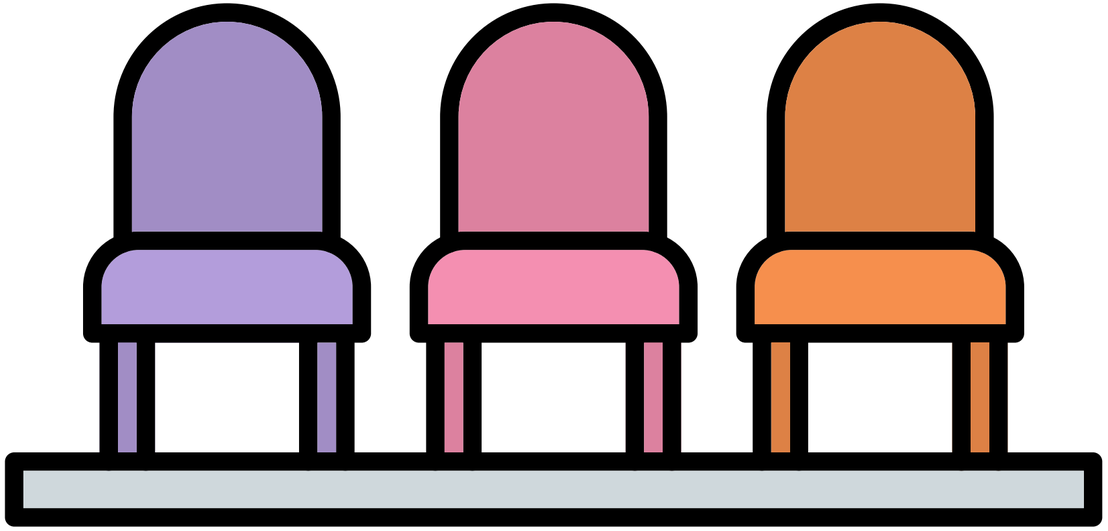

The dentist is a kind doctor that takes care of my teeth to make sure they are healthy.

When we arrive, we will check in at the desk with my name. We will sit in the waiting room. While I wait, I can play with toys or read books.

A nurse will call my name and I will follow them to the dentist’s chair to sit.

The nurse might take pictures of my teeth and gently clean them.

I will make sure to open my mouth wide. The nurse will use different tools and a yummy toothpaste!

After my teeth are clean, the dentist will come talk to me, they will also check for cavities.

When we are done, we will check out at the front desk and say goodbye. Everyone will be proud of me!
